2016 HOUSING INVENTORY COUNT SUMMARY

INTRODUCTION

BACKGROUND

The U.S. Department of Housing and Urban Development (HUD) requires each Continuum of Care (CoC) to conduct an annual inventory of housing dedicated for homeless people in each community, called the Housing Inventory Count (HIC), during the last ten days of January. The HIC report tallies the number of beds and units available on the designated night by project type, and includes beds dedicated to serve persons who are homeless in Emergency Shelter, Transitional Housing, and Permanent Housing. The category of Permanent Housing includes Permanent Supportive Housing (including HUD-VASH vouchers) and Rapid Re-housing.

METHODOLOGY

In 2016, Solano County conducted the HIC by sending surveys to homeless housing providers in the County. The providers completed the surveys based on the information gathered on the night of the homeless count, January 27, 2016.

| Transitional Housing | 88 | 84 | 4 |
| Permanent Housing (Which includes Rapid Re-Housing and HUD-VASH) | 142 | 127 | 0 |

CHANGES FROM LAST YEAR

2016 saw a total increase of 143 beds. In 2015, there were a total of 589 beds recorded; this year there are 732 beds. This increase is due to three main factors: Christian Help Center re-opened their emergency shelter, and the CoC increased both HUD-VASH vouchers and Rapid Re-Housing beds.
